
Kent Intermediate School District
Pine Grove Learning Center

Challenge:
Provide a truly accessible school allowing for secure, specialized instructional teaming for a mobility impaired population

- 49,200-square-foot new special education building
- serving 70 severely impaired students with a variety of learning needs
- three classroom “neighborhoods” linked by a shared “activities zone”
- main corridors have views of the sensory garden and easy access to shared spaces like gross motor, sensory, OT/PT and therapy pool
- built by Kent ISD and operated by Grand Rapids Public Schools special education experts
- pursuing LEED Silver certification
- Wyoming, MI
