

Laingsburg Community Schools New Middle School

Challenge: To determine the highest and best uses of an existing middle school building which had been built in phases over 4 decades, and use the best remaining pieces to develop a mostly brand new middle school and renovated early childhood center.

- new media center/library with computer areas and lounge reading area
- designed so that it can be supervised easily by limited numbers of staff
- curriculum desk, work area, and offices
- adjacent computer lab/classroom
