

Impact Wesleyan Church Addition and Renovation

Challenge: Develop a cost-effective addition with a new worship space that is open to a café/gathering space; increase appeal of the church from the street; utilize the existing building for children's ministry; and plan for future expansion of the building

- project includes new worship space for 275, café/gathering space, toilet rooms, expanded parking and drop-off, renovated children's ministry spaces
- overhead garage doors between worship and fellowship allow for flexible building usage
- 6,000 new square feet
- design/build
