

Resurrection Life Church Youth Building - "The Ground Floor"

Challenge: Create a hip, funky ministry space that will draw youth into a multi-sensory worship experience.

- 36,000-square-foot, \$3.5 million youth facility addition to an existing church
- supports youth ministry with a warehouse hip, nightclub church
- includes arena-style sound system, high-performance acoustics, multi-media projection, professional rigging, concert lighting, and video feeds to monitors throughout complex
- contains a full-service kitchen and coffeehouse capable of a diverse menu of foods and drinks
- activities include concerts, worship, billiards, and video games in the coffeehouse, lounges, and themed breakout rooms
- AIA Grand Valley Honor Awards - Interior Architecture
- Associated Builder and Contractors Award of Excellence (Mechanical Systems and Institutional Construction)
- Grandville, MI
